As a condition of employment, prospective employees shall sign such releases as may be necessary to release the physician's report to the City.

Subd. 2. Non-Eligible. No local official or employee shall be the immediate supervisor of a related person. Further, a local official or employee of the City shall not influence or attempt to influence the hiring, transfer, suspension, promotion, discharge, reward, discipline, or the adjustment of grievances of a related person. Subd. 1. Purpose. Council may, upon the recommendation of the administrator, if the applicant demonstrates greater qualifications than minimally required for the position, or on conditions of extreme difficulty in recruiting at the entrance rate, make an exception to the starting salary of a position. The "Compensation Plan" is not a seniority plan calling for automatic pay increases based upon length of service if it is clear that the level of competence varies greatly from one employee to another, it is equally clear that deserving and efficient employees should be awarded merit increase. Also, such increases should be withheld from employees whose service is not wholly satisfactory. Advancement will be based upon criteria set with the job description information. - (2) On Call Duty Compensation. Public Works employees serving an on-call assignment shall be compensated at the rate of one dollar (\$1.00) per hour for the period of time that they are not reporting to work. As an example, the on-call assigned employee would typically work 40 hours during their week-long assignment. The on-call assigned employee would then receive on-call compensation for the remaining unworked hours, equaling a total of 120 hours in this example, which would then be subject to payment as on-call compensation. This on-call compensation shall apply to any overtime hours worked during the week of assignment. (Ordinance 17-01, adopted February 14, 2017)

Booking compensatory time for full time salaried employees is for record keeping purposes only and is NOT to be considered a termination nor a retirement benefit. (Ordinance No. 91-03, adopted April 9, 1991)

All compensatory time off must be noted on the leave calendar posted in city hall.

- (3) Employees that must return to work for a scheduled evening meeting or an emergency shall be compensated for a minimum of two hours. The amount of any compensation shall be reduced by any payment received by the injured employee from Worker's Compensation Insurance. In no instances shall an employee be granted a personal leave without pay if he/she can use accumulated compensatory time, accumulated sick leave or accumulated vacation time. No vacation benefits, holiday leave, or sick leave shall accrue during a leave of absence without pay. Employees shall request such leaves in writing in advance of the date so desired. When an employee performs jury duty or is subpoenaed as a witness in court or voluntarily serves as a witness in a case in which the city is a party, the employee is entitled to compensation from the city equal to the difference between his/her regular pay based on an eight (8) hour day and the amount received as a juror or witness. Time spent on jury duty shall not be counted as time worked in computing overtime. Employees shall notify the administrator as soon as possible after receiving notice to report for jury duty and will be responsible for insuring that a report of jury duty is completed by the Clerk of Court each week so the city will be able to determine the amount of compensation due for the period involved. The reprimand shall be placed in the employee's file but shall be removed from the file after two (2) years from the date of issuance if there has been no subsequent reprimand and if no other disciplinary action has been instituted.
- (2) Suspension. An employee may be suspended by the supervisor pending investigation of an allegation of misconduct. If the allegations prove false, the statements shall be removed from the employee's personnel file, and the employee shall receive compensation to which he/she would have been entitled had the suspension not taken place.
- (3) Termination. The Council may, as a disciplinary action, dismiss any employee. A notice shall contain the reason for the termination, the procedure for requesting a hearing and the employee's rights under the veteran's preference law if he/she is a veteran.
- (4) Hearing. An employee requesting a hearing before council regarding disciplinary actions, must submit a written request to the City Clerk, within five (5) working days of the notification of the action. The Council shall consider the matter within ten (10) working days from that date of request, unless the city and employee agree on an earlier or later date. If the action involves the removal of a veteran, a hearing shall be held in accordance with the MN Statutes, Section 197.46. Any employee may examine his/her personnel file in the presence of the Administrator at a mutually convenient time or may be given copies of his/her file at the employee's request and expense.

Subd. 2. Retention After Age 70. If the administrator finds that the interests of the city will best be served by allowing a person to remain in the employ of the city after reaching seventy (70) years of age because the employee's services are especially needed or a suitable replacement would be especially difficult to find, the administrator may recommend to the council no later than sixty (60) days before the employee's retirement date that the employee be retained after the employee's seventieth (70th) birthday. Unless the council disapproves such retention within three (3) weeks after receipt of the recommendation of the administrator, the administrator may continue the employment of such person for one (1) year. Any such employee may be retained for successive one-year periods until reaching the age of seventy-five (75) upon the annual recommendation of the administrator and approval of the council.

It shall not be a retaliatory action to discipline an employee who makes a false report of harassment if it is shown:

- (1) There was absolutely no basis in fact for the report; and

Additionally, if the party receiving fire services did not request services but a fire or other situation exists which, at the discretion of the fire department personnel in charge requires fire service, the party will be charged and billed. All parties will be billed whether or not the fire service is covered by insurance. Any billable amount of the fire charges not covered by a party's insurance remains a debt of the party receiving the fire service, the owner of the property to which services were provided, or both. All billings under this subdivision shall be based upon the fee schedule set out in Subdivision 3 above.

The county auditor is responsible for remitting to the city all charges collected on behalf of the city. The City must give the property owner notice of its intent to certify the unpaid fire service charge by September 15 of the year prior to which the service charge will appear on the property tax statement. (Ordinance 10-05, adopted November 23, 2010)

207.12 False Alarms.

Subd. 1. Purpose. The City finds that the occurrence of false alarms is a threat to the public health and safety by causing the unnecessary mobilization of emergency personnel and their diversion from other locations or activities in which assistance may be needed. Many false alarms are caused by equipment which is inadequately maintained or by inadvertent activation of a system by a person legitimately on the premises. The City also recognizes that persons suspecting the existence of an emergency should seek assistance immediately. In order to balance these goals, the City seeks to allow a limited number of false alarms but to seek reimbursement for excessive false alarms in order to encourage proper maintenance of alarm system and security practices. (Ordinance 10-05, adopted November 23, 2010)

Subd. 2. Definitions. For the purposes of this chapter, certain words or terms are defined as follows:

- A. "Alarm system" means any equipment or device, designed or intended to signal the presence of an emergency such as a fire, unauthorized intrusion, crime in progress or medical emergency.
- B. "Alarm use" means the individual, firm, partnership, association, corporation, company or organization of any kind occupying the premises where an alarm system is maintained. If the occupant cannot be readily determined, the term "alarm user" means the owner of the Premises as determined by the real estate records of the County.

- C. “False Alarm” means the activation of an alarm system when a condition requiring emergency fire, police or ambulance responses does not in fact exist and which is caused by mechanical failure, malfunction, improper installation or maintenance, animal movement, insect infestation or the actions of a person or persons legitimately on the premises. Activations caused by utility mishaps, weather or climatic conditions, act of God or other circumstances beyond the control of the alarm user shall not constitute false alarms. (Ordinance 10-05, adopted November 23, 2010)

Subd. 3. False Alarm Fee Established. An alarm user who incurs more than two (2) false alarms at one address in any calendar year shall be required to pay a false alarm fee to the City Clerk for the third and each succeeding false alarm. The fee shall be established by the City Council by resolution. The responding fire or police department shall file a written report of each false alarm with the City Clerk. Upon receipt of a report of false alarm at a particular address, the City Clerk shall notify the alarm user of the provisions of this chapter and any fees due. The alarm user shall have ten days after receipt of the notice to pay the fee required by this chapter. (Ordinance 10-05, adopted November 23, 2010)

Subd. 4. Assessment. On or before September 1 of each year, the City Clerk shall list the total of unpaid false alarms against each lot or property to which they are attributable under this chapter. After notice and hearing, the City Council may charge the unpaid fees against the properties as special assessments for certification to the county auditor for collection along with current taxes the following year. (Ordinance 10-05, adopted November 23, 2010)

Subd. 5. Penalties. An alarm user who neglects or fails to pay the false alarm fee established under the authority of this chapter within the prescribed time period shall disconnect and cease using the alarm system immediately until such fee is paid. Violation of this chapter is a misdemeanor. (Ordinance 10-05, adopted November 23, 2010)

(Ordinance No. 96-06, adopted August 19, 1996)

209 Escrow Deposits

209.01 Intent. Certain licensed and permitted activities carried on in the city require the assistance of the city engineer, city attorney, city planner, or other city personnel. As these activities primarily benefit private persons rather than the city as a whole, it is appropriate that the cost of these services be borne by those benefiting thereby. Sections 209.01-209.06 are intended to provide a method whereby this end will be furthered.

209.02 Escrow Deposit Required. Applications for subdivision approval, rezoning, conditional use permits, planned unit developments, zoning variances, sewer connection permits, liquor licenses, building permits, annexation petitions, and other municipal considerations may require a cash deposit which shall be placed in an applicant's escrow account in an amount sufficient to pay all engineering, legal, and planning fees incurred by the city, and such other costs as may be made the applicant's responsibility, in connection with the application/ petition and the supervision, inspection and investigation of the permitted activity. The deposit shall be held in the account and shall be credited to the applicant making the deposit. All engineering, legal, and planning fees, and such other costs as may be made the applicant's responsibility, incurred in connection with an application shall be charged to the applicant's escrow account and credited to the city. (Ordinance No. 95-14, adopted September 26, 1995)

209.03 Fee Schedule. The Council shall establish fees for services rendered by the city attorney, city engineer, city planner, and other city personnel. The fee schedule shall be provided to all persons making applications listed in 209.02 upon request.

209.04 Individual Fees. Based on the fee schedule adopted pursuant to 209.03, the clerk-treasurer shall determine the amount of the escrow deposit required after consultation with the city attorney, city engineer, city planner, and other city personnel whose services may be required. All time, services, and materials to be billed to an escrow account shall be itemized.

209.05 Enforcement.

Subd. 1. Application. The application listed in 209.02 shall not be accepted or processed by the city unless accompanied by an escrow deposit as provided in this chapter.

Subd. 2. Deficits. If at any time it appears that a deficit will occur in any escrow account, the clerk-treasurer may then require an additional deposit in the escrow account sufficient to cover the additional expenses. Failure to make such additional deposits, or to pay to the city money owed for legal, engineering or other services for which the applicant is by ordinance made responsible in connection with an application in 209.02 shall be grounds for denial or revocation of the permit or license, or cessation of work on a particular project. Such permit or license shall be revoked only after a hearing preceded by ten days written notice.

209.06 Refund. Any money remaining in an applicant's escrow account after payment of all required engineering, legal, and other fees shall be returned to the applicant.

210. Civil Defense

210.01 General.

Subd. 1. Policy. Because of the existing and increasing possibility of the occurrence of disasters of unprecedented size and destructiveness resulting from enemy attack, sabotage, or other hostile action, or from fire, flood, earthquake or other natural causes, and in order to insure that preparations of this city will be adequate to deal with such disasters, and generally, to provide for the common defense and to protect the public peace, health, and safety, and to preserve the lives and property of the people of this city, it is hereby found and declared to be necessary:
